2020 – A Big Challenge for the Gun Club!

It's been a challenging year for everyone ...all around the world. We have had our problems, but we managed to reopen quicker than a lot of our community neighbors. When this pandemic is over, it is to be seen how many of our local businesses will be able to recover and profit again. We need to do our part to patronize them to help them make a comeback.

The club managed to obtain a grant to purchase an onsite AED with training for the staff. WRGC has also arranged to have class 5 added to the road & parking lot for the Rifle Range; just in time for rifle site-in.

We missed our regular fundraisers earlier this year. Hopefully, the raffle will be very successful. It would be wonderful if our members get out and sell those tickets until they are all sold. We could see a nice result. There are only 500 tickets. If all get sold, that would be \$5000.00. After expenses, there's a potential profit of \$2900.00. That's about a thousand more than we usually net. So, everyone, please get out and sell those raffle tickets.

Firearm Safety 2020

Firearm Safety is one of our club's busiest volunteer activities in the summer. With all the DNR's restrictions to keep everyone safe, it made it very difficult to schedule groups as we have in past years. We held only one firearm safety field day in August. We had only 14 students, which was all we could handle with the COVID restrictions. The DNR did not allow any activity until mid-July at a moment's notice. We all did the best we could. We believe the WRGC Instructors pulled it off very safely. It is good to know that we helped prepare these youth for fall hunting. They will be safer out in the woods because of our efforts. Thank you to all our dedicated Firearm Safety Instructors.
